

*Tired of using up shelf or floor space for those unsightly bags of dry bulk product that eventually tear and spill, and you constantly have to handle whenever you need product from them?*

**HandiSolutions, Inc. offers a storage solution!**

### **Introducing Handi Big Bin & Lil' Bin Wall Mount Dispensers**

These two sizes of dispensers easily mount to your HandiWall™ and can store any dry bulk material. Made in the USA, these patented products can store items such as pet food, potting soil, salt, grass seed and fertilizer and an endless array of goods that you can access easily by pouring into the supplied dispenser cup.

Each Bin comes supplied with 2 packs of wall mounting packets, plus the dispenser cup. The Big Bin (HSBB) suggested capacity is 20 to 40 pounds; The Lil' Bin (HSLB) suggested capacity is 12 to 20 pounds. The product comes in a single pack, ready for installation and use. Colors are as the photos indicate.

Want more storage ideas? The fact that these products are government approved by the FDA for storing human edible food products further enhances their use into the pantry! How about storing rice, flour, cereal, popcorn, or peanuts? Detergents in the laundry room? Storage options are endless wherever there is HandiWall™ to mount them on.
